Coyote Update

As a follow up to the information placed in the January NewsLetter, and in an effort to keep the Village residents informed, the Village has conducted a coyote trapping effort with some success. The Village Board directed staff to focus on the aggressive animals displaying unnaturally bold behavior.

Four animals were taken in the Village. Necropsy reports were provided to Village staff. Two of the animals were healthy, one of which had dog food in its stomach. The other two were extremely sick with fatal diseases. Interestingly, one of the sick animals had a very healthy appearance and no indication of this level of illness.

The urban coyote is here to stay. It is completely impractical to think this animal could be eliminated. We must learn to live in harmony with nature. A coyote sighting is nothing to be alarmed about. They are hunting for food. Their natural diet is rabbit and voles; however, as stated above, a coyote will eat just about anything.

WHAT YOU AS RESIDENTS CAN DO

Never leave small children unattended; Never attempt to befriend any wildlife; supervise all pets closely, keep them under your control; If your pet must be left alone outside, make sure it is in a secured area; If confronted by a coyote you should yell, stamp your feet and look big by waving your arms. Your children especially need to know this.

Make sure garbage is secured, compost is covered, fallen fruit is picked up, no pet food is left outside, bird feeders are not overflowing with seed, and do not feed the deer or other animals.

Need a Vehicle Sticker?

The elimination of the requirement to purchase vehicle stickers in Lincolnshire was met with delight by Village residents. However, some had concerns that when visiting communities that require vehicle stickers, that community might "write a ticket first, and ask questions later" for those vehicles not having a sticker. Vernon Township to the rescue! It offers two year Vernon Township stickers free for the asking. The Vernon Township Building is located at 3050 N. Main Street, in Buffalo Grove. Consolidated Election April 17, 2007

Interested in Running for Office?

Petition packets are available at the Village Hall, as well as the Lake County Clerk's Office, for candidates planning to run for Mayor, Trustee, or Village Clerk in the Consolidated Election on April 17, 2007. Petitions can be circulated at this time.

The Mayor's seat, four Trustees' seats and the Village Clerk's seat will be decided in this election. (Three Trustee seats are four-year terms and one is a two-year term.) Nomination papers for new political parties, independents and nonpartisan candidates must be filed at the Village Hall between January 29, 2007 and February 5, 2007. Petitions should have a minimum of 57 signatures and a maximum of 107.

Residents should know that petitions should be signed by registered voters only, and you do not necessarily have to be "for" the candidate to sign his/her petition. By signing it you are recognizing the candidate's right to run for office.

Since the filing of petitions occurs too late to make the February NewsLetter, tune into cable channel 10 after February 5th to see who the candidates are.

If you have any questions regarding this, please contact Carol Marshall at 847-883-8600.

Registered to Vote?

If not, come to the Village Hall. We have several staff members that can register you. You will need two forms of identification and one must be a picture ID. You also need to show proof that you live in Lake County. If you do not have an ID showing your current address, a utility bill can be used. Questions? Call 847-883-8600.

Candidate Signage

The Village Code regulates the size of political signs. The maximum size for political signs

is six square feet, which is the size of a standard 2 x 3 foot sign, and it cannot be any higher than four feet off the ground.

All political signs must be displayed no more than thirty-six days prior and removed within two days after an election. Since the election is on Tuesday, April 17th this year, no political signs should go up before Tuesday, March 13th, and they should be taken down by Thursday, April 19th. Since the wastehaulers come through the Village on Wednesday, April 18th, it's a good idea to take the signs out of your yard and put them at the curb at the same time you put your waste and recycleables.

Signs must be placed on private property with the consent of the homeowner. Private property typically begins fifteen feet from the roadway. Rights-of-way along roads such as Riverwoods Road, Route 22, and Milwaukee Avenue are not private property. Any signage along these roadways must be placed on private property with the consent of the homeowners. **Any signage not meeting this criteria will be removed by the Village staff.**

Police Department Survey

Thanks to all the residents who filled out the Police Department Survey which was mailed to Village residents in December. Village staff is tallying the results, and we will include the results in the March, 2007 NewsLetter.

Winners of Excellence in Landscaping Awards

At the January 8th Village Board Meeting, the Village Forester presented Excellence in Landscaping Awards to recognize three Lincolnshire properties whose landscapes best represented the beauty of the Village in 2006.

Congratulations to:

Best Hotel Landscape

Spring Hill Suites
300 Marriott Drive

Best Town Home/Condo Landscape

Heritage Creek,
Milwaukee Avenue and Jamestown Lane

Best Residential Property Front Yard Landscape

Jim and Rae Seeley
18 Sherwood Lane (two time winner!)

The award recipients were determined by three volunteer judges, each possessing extensive landscaping knowledge, who rated the landscapes of numerous properties that were nominated in each of the award categories.

Help Wanted - Seasonal Workers

Please give this article to your student in college or high school!

Lincolnshire is looking to fill several positions for seasonal help this summer.

Part-time Lifeguards are needed for Spring Lake Beach. The Village will assist the guard in obtaining training and arrange for certification. Beginning salary is \$8.00 to \$11.00 per hour.

Seasonal Laborers are needed to do such things as read water meters and landscape maintenance. This is a 40 hour work week that starts when the student finishes school and could run to mid/end of August. Beginning salary is \$7.50.

Call Pattie Eidenschink at 847-883-8600 if you would like an application sent to you, or stop by the Village Hall and pick up one.

Open Gym

The Village offers an Open Gym Program on Sundays, through March 18th, at Half Day School from 12:30 p.m. to 3:30 p.m. There are two gyms available. Children under 12 years old must be accompanied by an adult who must remain on the premises. Either basketball or volleyball may be played. A one-time season release is required before anyone is allowed to participate, and the weekly fee is \$3.00. Releases were sent home with children in School District #103, and they are available at both the Village Hall and during Open Gym. Parents should not drop off children at Half Day School without being sure that releases have been signed. Questions? Call Stephanie Gould at 847-883-8600.

Village of Lincolnshire

Lincolnshire Celebrates its 50th Anniversary in 2007!

The Mayor, Board of Trustees, 50th Anniversary Committee, and the Village Staff are moving along with plans to make Lincolnshire's 50th Anniversary Celebration, to take place between July 2nd and July 4th of this year, a spectacular event!

In the last NewsLetter we asked your help in finding Lincolnshire's Pioneers. Thanks for the input we received from you. Please continue checking your address books and talking with mutual friends who may know where some of the pioneers now live. We are following up every "lead" we get.

Guess What! **We need your help again!** On July 3rd, starting in the late afternoon, we **hope** to have a "**Back to the 50's**" celebration at Spring Lake Park which will include fun for the children and the adults. You will be encouraged to dress as they did in the 50's - from white bucks to blue suede shoes, duck tails to poodle skirts! There will be rock n' roll music, dancing and best dressed contests, and lots more - **but we can only do this if we get enough volunteers to assist with the games and as judges for the contests! We need you! The more volunteers we get the smaller the tasks! Give a few hours of your time to make this celebration the biggest and best!** Please email Cherie Yost at cyost@village.lincolnshire.il.us or call her at 847-883-8600 if you're interested or want more information!

Wanted - Collectible Automobiles!

To add to the ambience and to give more of a "feel" to "**Back to the 50's**", we would like to have collectible automobiles, pre 1965, parked on

Oxford Drive, along Spring Lake Park between 5:00 p.m. and 9:00 p.m. This is your opportunity to shine! Help us to mirror the past! Don't worry, there will be no traffic driving down Oxford

Drive at that time and if you have more than one automobile you plan to bring, we have staff members that will help you keep an eye on them. If you know of people who own collectible automobiles but do not live in the Village, ask them if they would be willing to "join the fun"! Please email Cherie Yost at cyost@village.lincolnshire.il.us or call her at 847-883-8600 and tell her to "count you in"!

50th Anniversary "Special Event License Plates"

Want to spread the word about Lincolnshire's 50th Anniversary? You can purchase *Special Event License Plates* through the Village that can be mounted on your car over your existing license plates between June 7th and August 5th. Vehicles eligible to display these special plates are passenger cars, B-trucks, motorcycles and some recreational vehicles. Whether displayed on your vehicle or as a souvenir, these plates are a unique collectible commemorating this special event. The vehicle must be registered in Illinois, and the owner must keep the regular license plate and registration ID in the vehicle at all times.

The plates cannot be transferred from one vehicle to another and cost \$25.00 per set. More information will follow in the March Village NewsLetter.

Square

The Building

The Building Square is a quarterly feature in which the Building Division of the Community Development Department will present information intended to provide useful advice to our residents about building related topics. Our goal is to provide you with information that can assist you with building projects you may undertake in the future, to help understand why problems may have occurred in the past, and to relay some of the experiences and responsibilities our division faces throughout the year. Should you have any questions or comments regarding building related topics, please send them to us and we may use your query in one of our quarterly features.

Carbon Monoxide Alarm Detectors

******Required By State Law******

Carbon monoxide (CO) is an odorless, colorless gas produced during incomplete combustion of fuels, (e.g. natural gas, LP gas, kerosene, oil, wood and charcoal). This gas is lethal to humans if it builds up in the home.

The National Safety Council reports that between 200 and 300 people die in the United States from carbon monoxide poisoning each year. Additionally, according to a report in the Chicago Sun-Times recently, the Illinois Poison Center has received well over 1,000 calls regarding CO poisoning this year, an increase of 37 percent over last year.

As a result, the Illinois State Legislature recently passed Public Act 094-0741, the "Carbon Monoxide Alarm Detector Act". This act went into effect on January 1, 2007.

The act requires that homeowner/property owners be responsible for installing at least one carbon monoxide detector in their homes, with few exceptions, at locations within fifteen (15') feet of each room used for sleeping purposes. The testing and maintenance instructions for these detectors must also be kept on-site. In rental units, it is the responsibility of the tenant to test and maintain the detectors. The act also states that upon second notification that your property is not in compliance with this act, the owner/tenant will be subject to a Class B misdemeanor, punishable by up to six months in jail and a \$1,500 fine.

"Accidental carbon monoxide deaths are very preventable simply by having a detector in your home", said Illinois State Fire Marshal Dave Foreman. "This law will help save many lives."

To view this act in its entirety, visit www.ilga.gov.

If you have any questions regarding this new law or any other type of building project, please contact Aki Mishima, Chief Building Code Administrator, or Rob Horne, Building & Engineering Inspector, at (847) 883-8600, Monday through Friday, from 8:30 a.m. until 4:30 p.m.

Did You Know?

The Village of Lincolnshire has specific Codes pertaining to the storage of yard waste and other outside materials. These Codes have been established in order to maintain a neat and orderly appearance of our neighborhoods.

- It is unlawful for any person to dump or deposit any grass, leaves, branches or parts of trees in any public way within the Village except during the Fall, when leaves may be placed in the street during your specified pick-up week for collection by Village Staff.
- It is unlawful for any person to store or deposit any material of any kind on any property in the Village, except when the storing is incidental to residential use (lawn chairs, grills, etc.)
- Building materials are not allowed to be stored at a site unless a Building Permit has been issued and the building materials are to be used in conjunction with the permit.

The Village asks that you please store any lawn maintenance equipment, or items not typical to incidental use, in your garage or areas not visible to the public or adjacent properties. Residents can also consider installing a shed, but a Building Permit must first be obtained and approved by the Village before installation takes place.

One Hundred Year Flood Defined

“Does a 100-year flood occur once every 100-years?” is a question that we hear frequently when people discuss floodplains. By definition, a 100-year flood, also known as the “base flood,” is a flood that has a one percent (1%) chance of occurring in any given year (for other probabilities, see the table). The area susceptible to flooding during the base flood is called the Special Flood Hazard Area, or floodplain. The elevation of the water for a flood event of a given probability is determined by engineers by studying rainfall intensities, stream and river cross-sections, and topography.

Chances of Being Flooded for Structure in Floodplain

Period of Time	Flood Level			
	<u>10-yr Flood</u>	<u>25-yr Flood</u>	<u>50-yr Flood</u>	<u>100-yr Flood</u>
1 year	10%	4%	2%	1%
10 years	65%	34%	18%	10%
20 years	88%	56%	33%	18%
30 years	96%	71%	45%	26%
50 years	99%	87%	64%	39%

Source: FEMA.

Studies suggest that during the 30-year life of a typical mortgage, a structure located within the 100-year floodplain has a 26 percent (26%) chance of experiencing flooding but a four percent (4%) chance of experiencing a fire. This statistic is the reason why flood insurance coverage is mandatory for structures whose mortgage is backed by the federal government. Remember, your general homeowners insurance policy DOES NOT cover losses from floods. Therefore, even if you do not live in the Special Flood Hazard Area, you should consider purchasing flood insurance.

For more information, visit the Federal Emergency Management Agency’s flood website at www.fema.gov.

Snow Plow Damage

Village crews are careful and try to avoid damaging property as they plow the snow, but because the snow can sometimes obscure the line between the curb and the lawn, accidents do happen. If you discover damage to your lawn or mailbox after the snow plows have passed, call Wendy Moderhack, at 847-883-8600 during normal business hours. The Public Works Department will determine if the Village is responsible and will make repairs as soon as possible. However, landscape restoration cannot be done until the Spring.

Happy St. Valentine's Day!
