## Water and Sewer Rates to Increase Due to Suppliers Costs

Effective on January 15, 2009, with the new fiscal year, the Village's water and sewer rates will be increased. The increases are primarily driven by the cost of purchasing water and the treatment of sanitary sewage.

**Water Rates** - Water rates will increase by 2.5%. We purchase our "wholesale" water from the City of Highland Park and its rate to us increased by 2.6% on January 1st. Purchase of water accounts for approximately 60% of our total cost to provide water to our customers. We were able to hold our internal operational costs to a 1.5% increase over FY 2008.

**Sewer Rates** - Sewer rates will increase by 20%. The vast majority of this increase is due to a 26% increase in treatment costs from Lake County, effective March 1st. The cost of treating our sanitary sewage accounts for approximately 72% of our total cost for sanitary sewage collection and treatment. We were able to hold our internal operational costs to a 1.5% increase over FY 2008.

**Overall** - The overall increase for combined water and sewer rates is 11.4%. The average residential customer will see an increase of approximately \$27.90 in their quarterly water and sewer bill, which is equivalent to \$9.30 per month. The average commercial customer will see an increase of approximately \$23.25 in their monthly bill.

## Living With Wildlife Workshop!

On February 17th at 7:00 p.m., the State Director of the USDA Wildlife Services, Scott Beckerman and Wildlife Biologist Travis Guerrant will be coming to the Village to talk about wildlife issues in Lincolnshire. They will present educational materials on animal behavior, human/wildlife conflicts and management for coyotes, Canada geese and white-tailed deer, as well as other animals. They will also address any questions. The goal of this meeting is to help Lincolnshire residents coexist with our wildlife neighbors. There is no fee for this workshop and it is open to anyone who wants to attend. An RSVP is not required but would be appreciated. Contact Lydia Scott at 847-913-2361.

## We Need your Help!

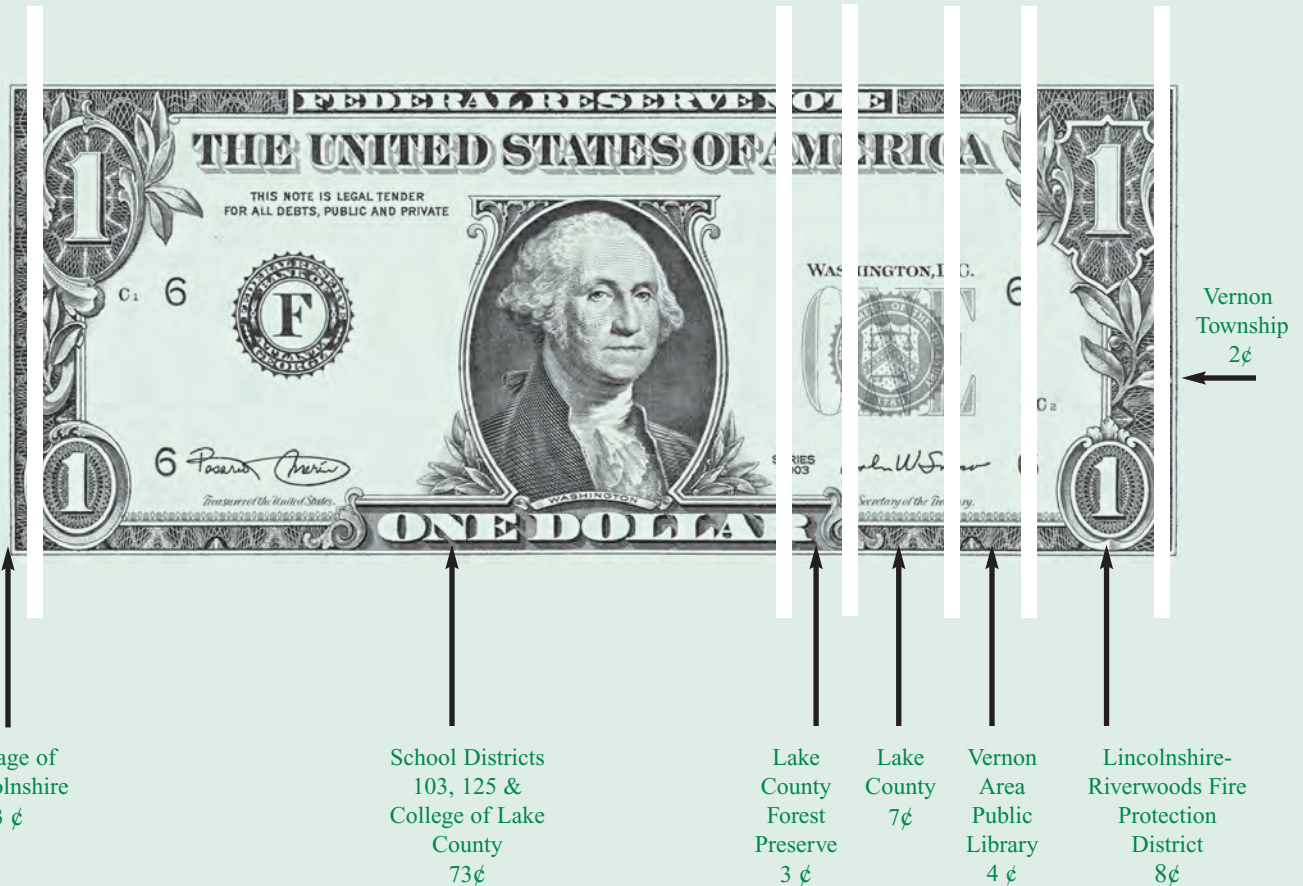

The Park Board is requesting assistance from veterans, families of veterans or members of the Garden Club in updating the Veteran's Memorial at Spring Lake Park. Please contact Lydia Scott at 847-913-2361 if you would be willing to help.

# Village Property Tax Levy Approved

At its December 8, 2008 meeting, the Village Board approved the 2009 Tax Levy. For the thirteenth consecutive year, the Tax Levy will be used only for our employee pension funds and not for general operations or debt service. The Tax Levy increased by 26% from 2008 with most of the increase due to recommendations from an actuarial study of the Police Pension Fund to improve its funding ratio.

Overall, the Village's portion of the total property tax bill remains fairly small, at 3%. For 2009, it is estimated that the average resident with a home having a market value of \$750,000 will pay \$552 in property taxes to the Village.

The dollar below illustrates the estimated distribution of your property taxes for 2009.

## Cold Exposure & Frostbite

Cold exposure occurs when a person is exposed to abnormally low temperatures and wind. Symptoms include shivering, numbness, low body temperature, drowsiness and muscular weakness. First aid may include artificial respiration in addition to finding a warm environment, removing wet or frozen clothing, rewarming the person in blankets or placing the person in lukewarm water and giving hot liquids by mouth.

Frostbite occurs when skin tissue actually freezes. It most commonly affects the nose, cheeks, ears, fingers and toes. Frostbite can be very dangerous - even fatal. Frost-bitten skin is white or grey with slight pain, possible blistering and a feeling of intense cold and numbness. In more severe cases, mental confusion, staggering, blurry eyesight and/or shock may occur. First aid for a frostbite victim should include moving indoors, covering the frozen areas and providing the person with a warm drink. Rewarm the frozen area by quickly immersing or covering the affected area with lukewarm water (not HOT water). DO NOT rub the affected area or break the blisters. Be alert for shock. Seek medical consultation or treatment.

# Consolidated Election April 7, 2009

## *Interested in Running for Office?*

Petition packets are available at the Village Hall, as well as the Lake County Clerk's Office, for candidates planning to run for Village Trustee in the Consolidated Election on Tuesday, April 7, 2009. Petitions can be circulated at this time.

Three four-year term Trustees' seats will be decided in this election. Nomination papers for new political parties, independents and nonpartisan candidates must be filed at the Village Hall between January 19, 2009 and January 26, 2009. Petitions should have a minimum of 20 and a maximum of 70 signatures.

Residents should know that petitions should be signed by registered voters only and you do not necessarily have to be "for" the candidate to sign his/her petition. By signing it you are recognizing the candidate's right to run for office.

Since the filing of petitions occurs too late to make the February newsletter, tune into cable channel 10 after January 26th to see the list of candidates.

If you have any questions, please contact Carol Marshall at 847-913-2334.

## Registered to Vote?

If not, come to the Village Hall. We have several staff members who can register you. You will need two forms of identification and one must be a picture ID. You also need to show proof that you live in Lake County. If you do not have an ID showing your current address, a utility bill can be used. Questions? Call 847-883-8600.

## Don't Be a Flasher!

You're driving along and all of a sudden, surprise, there's a cop working radar. You make it by without getting stopped and in the spirit of being a good sport with your fellow drivers, you flash your headlights at an oncoming car to warn him of the impending radar zone.

Consider this: Between 5% and 10% of all driver's stopped for a traffic violation have something significantly wrong! It could be their driver's license is suspended or revoked; their license plates are suspended or revoked; they don't even have a driver's license; they are driving without insurance; they are wanted; they are carrying a weapon or illegal contraband; they just committed a crime; they are drunk or under the influence of drugs; they have open liquor in the car; they were just involved in an accident and fled the scene before police arrived; or they are just not a nice person who has no respect for traffic laws and should not be given a break.

Furthermore, you yourself could be in violation of the law by interfering with the official duties of a police officer.

Speeding tickets are not a great revenue source for the Village by the time you figure in all the costs. They are issued to keep our roads and you and your family SAFE! Help us do our job and let us deal with the violators and don't you be a flasher!! Thanks and drive safely.

## Free Activity Guide!

The Village ordered several copies of "Enjoying Chicago Wilderness with Your Family - An Activity Guide". This guide features outdoor nature activities for families throughout the year. Topics include - Enjoying Birds Throughout the Year, Be a Landscape Detective, Casting Tracks, Nature Sense, Ribbet, Peep and Boink and Discover Your Animal Neighbors to name just a few. These guides are available to residents on a first-come first-serve basis - one copy per family.

## Ice Skating in the Village

There are two parks in the Village that provide opportunities for ice skating in the winter.

Spring Lake Park provides open skating from dawn to dusk -- when ice thickness is appropriate. Skaters should be aware that it takes at least six inches of ice before it is safe to skate on the lake. (Keep in mind that the lake is 14 feet deep in some spots.) Signs will be posted on the beach end of the lake advising users when it is safe to skate. Watch for signs at the park indicating that it is open for skating or check for information on Cable Channel 10.

North Park has a skating rink next to the maintenance building. Watch for signs at the park that indicate the ice is ready for skating. At North Park the concession/restroom/warming building provides an opportunity for skaters to come in out of the cold. The walkway, adjacent to the restrooms, has radiant heaters. The heaters are operated by a push button on the wall. Happy skating!

## Open Gym Continues

The Open Gym Program continues on Sundays, until March 22nd, at Half Day School from 12:30 p.m. to 3:30 p.m. There will be two gyms available. Children under 12 years old must be accompanied by an adult who must remain on the premises. Basketball may be played. A one-time season release is required before anyone is allowed to participate, and the weekly fee is \$3.00. Releases will also be available at both the Village Hall and during Open Gym. Parents should not drop off children at Half Day School without being sure that releases have been signed.

There will be no Open Gym on **January 4, 2009.**

Questions? Call Stephanie Gould, at 847-913-2363.

## No Skating or Sledding at Rivershire Park

Please be aware that there is no skating or sledding allowed at Rivershire Park. Skating is strictly prohibited due to uncertain ice conditions. Warm currents in Lincolnshire Creek and the Des Plaines River make ice conditions dangerous. If you wish to skate, go to Spring Lake Park or North Park when signs state that ice conditions are safe. Rivershire Park does not have any hills adequate for sledding. Hills adjacent to Rivershire Park are located on private property. Please be advised that these areas are not for public use.

## Electronics Recycling

After the holidays a lot of old electronic products are discarded. Please note that the following locations provide electronics collection. Take your discarded electronic products to these locations so they can be recycled instead of thrown in our landfills.

City of Highland Park, 1180 Half Day Road, Tuesdays and Fridays, 7:00 a.m. to 1:00 p.m.

Vernon Township (Township Offices), 3050 N. Main St., Buffalo Grove, Date: Friday, January 9th, 8:30 a.m. to 4:00 p.m.

## 2010 Census workers needed NOW!

The Census Bureau is now recruiting for 2010 U.S. Census jobs in the Lincolnshire area. Hiring will begin in the first quarter of 2009. These are part-time, well-paying jobs which require applicants to pass a qualifying exam. The non-supervisory test/application process takes about 1 1/2 hours, and the supervisory test/application process takes about 2 1/2 hours.

Below is the current schedule for testing in the Lincolnshire area

January, 2009 US Census Testing Sessions at the Vernon Area Public Library, 300 Olde Half Day Road, Lincolnshire, IL 60069 are as follows:

January 6	9:30 a.m. Non-supervisory Test
January 13	9:30 a.m. Non-supervisory Test
January 20	12:00 p.m. Supervisory Test
January 27	12:00 p.m. Supervisory, Non-supervisory Tests

Bring passport or driver's license and original Social Security Card/birth certificate.

**The Mayor, Board of Trustees  
and Village Staff wish you a  
Very Happy and Healthy  
New Year!**

# Let it Snow, Let it Snow, Let it Snow!

January usually brings cold, blustery weather to the Village. Snow and ice can make the streets of Lincolnshire hazardous for travel. The Public Works Department employees are preparing the snow and ice removal equipment so they will be ready to make the streets of the Village safe for travel as quickly as possible when the snow falls. You should be aware of some facts and policies regarding snow removal.

The Village is responsible for the maintenance of over 40 miles of roadway including seventy-three cul-de-sacs. These areas do not include Half Day Road, Olde Half Day Road (East) and Milwaukee Avenue, which are maintained by the State; Riverwoods and Aptakisic Road, which are maintained by the County; and any of the private subdivisions such as Westminster Woods, Wood Creek Courts, Rivershire, Indian Creek, Heritage Creek, Hidden Lakes, Sutton Place, Village Green Condos, Beaconsfield and Westgate.

Cleaning our roadways of snow and ice can take up to six hours once the precipitation has stopped falling. Please try to avoid making any unnecessary trips until the snow plows have had a chance to clear the snow. Also, please be aware of the fact that parking on the roadways after there is an accumulation of one inch or more of snow is prohibited by the Village Code. Keeping the streets free of traffic and parked cars will allow the snow plows to clear the roads much more efficiently.

Unavoidably the snow plows will leave some snow at the end of the driveways. It is the resident's responsibility to clear this snow, and it is against Village policy for Village trucks to plow the openings of individual driveways.

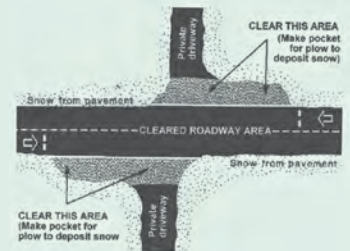

At times, snow is intentionally deposited or pushed into the streets or onto the roadway shoulder. This is usually done by privately contracted snow plowing services. Residents who utilize snow plowing firms should advise them that it is against Village Code to deposit snow on to Village streets and neighboring properties, and you should make sure that any snow removed from your driveway or other areas of your property remains on your property, unless you have permission to have it plowed on to a neighbor's property.

Now is a good time to prepare your property for the inclement weather. If your sump pump discharges into the street, please move it so it discharges into your yard. This will prevent an ice buildup in front of your house making the streets safer for travel by motorists and pedestrians. Also, please check your mailbox to make sure it is installed properly and is in good condition. The Village will only repair mailboxes that are actually struck by the snow plow.

Village crews are careful to avoid damaging property as they plow, but because the snow can sometimes obscure the line between the curb and the lawn, accidents do happen. If you discover damage to your lawn or mailbox after the snow plows have passed, please call Wendy Moderhack at 847-913-2380 during normal business hours. The Public Works Department will make repairs as soon as possible. However, landscape restoration cannot be done until the Spring. By following these guidelines, we can all have a safe winter season!

## Tips for Shoveling Your Snow

The best way to assure that the snow plows clearing the street will minimize the amount of snow left in your already cleared driveway is to shovel snow to your right as you face the street, and also make a pocket on the left side of your driveway. See illustration.

Snow that has accumulated on the plow will dump into that pocket and not entirely on your cleared driveway.

By doing this, you will reduce the possibility of snow plows inadvertently making your driveway snow-bound again.

## Clear Your Fire Hydrant

There are 800 fire hydrants in the Village. It is difficult for Public Works personnel to be able to locate and shovel out each of these fire hydrants should they become covered with snow.

For you and your neighbor's safety, if you have a fire hydrant on your property, we ask that you clear the snow around it. If a fire occurs in your neighborhood, it is important that the fire department locate the necessary fire hydrants quickly. Thanks for your help!

If you use Waste Management, it will pick up Christmas trees on collection day through the last Wednesday in January!

# Important Information

- **Dumping in drainage ditches and detention basins is prohibited by Village Code.** A fine will be assessed to anyone in violation. Questions? Call Rob Horne, Engineering Supervisor, at 847-913-2366.
- **Waste Management is the single waste hauler for most residents in Lincolnshire.** If you have questions or problems, the waste hauler can be reached at 800-796-9696 or 630-724-8400. However, if you are a member of a Homeowners' Association, your home is not necessarily covered by Waste Management. Check with your Homeowners' Association for more information.
- **If you have any old major appliances you wish to discard, call Environmental Field Service at 800-480-4337.** This service will collect these appliances for a fee that is much lower than what Waste Management would charge.
- **Problems with Comcast Broadband Cable?** Call its Customer Service Department at 866-594-1234. **Comcast Internet -** call 888-262-6300, and **Comcast Telephone -** call 800-266-2278. **Unburied cable?** If you don't get satisfaction, contact Carol Marshall at the Village of Lincolnshire - 847-913-2334.
- **North Park Hot Line -** On days with questionable weather, call the North Park Hot Line for field conditions at 847-913-2375.
- **Drop Mail Box at the Village Hall -** If you need to mail something to the Village, it might be easier (and less expensive) to drop it off at the Village Hall. There is a "Drop Box" in the circle at the front of the Village Hall, One Olde Half Day Road. Staff checks it daily.
- **Flood Insurance Rate Maps -** The FEMA Flood Insurance Rate Maps are available at the Village Hall for public review. Call Rob Horne, Engineering Supervisor, at 847-913-2366.
- **Flood Information Available -** Technical advice on how to protect your home from flooding is available at the Village Hall. Come in to view available resources, or call Rob Horne, Engineering Supervisor, at 847-913-2366.
- **Benchmarks Available -** The Village of Lincolnshire has obtained elevation reference marks (benchmarks) for several locations throughout the Village. If you plan to have survey work done, or are interested in knowing the elevation of the marker closest to your property, please call Rob Horne, Engineering Supervisor, at 847-913-2366.
